IT Assessments

Why Neovera?

With a long list of IT Services firms available to work with, why choose Neovera as your trusted source for performing a strategic IT assessment for your organization?

The one common answer that we hear back from many of our clients is that we provide a unique service in having exceptionally **deep technology as well as business domain expertise which covers all aspects of an IT organization - Strategy, Infrastructure, Applications and Operations.** Our final assessment reports are comprehensive "CIO" level deliverables with actionable, prioritized remediation plans. More often than not, our reports and associated recommendations provide the basis for a company's strategic IT planning efforts in moving forward.

What is Generally Covered During an IT Assessment?

Our IT Assessments are always customized to meet a client's exact needs. As part of our standard assessment we generally perform any or all of the following:

- ◆ **Strategic IT Assessment**
 - IT Visioning, Staffing Levels/Competency Assessment, Vendor Assessment, Outsourcing Readiness, BCP/DR Readiness, Compliance Readiness.
- ◆ **Infrastructure Assessment**
 - Data Center Facilities, Desktops, Servers, Network, Security, Databases, Storage, Backup/Recovery.
- ◆ **Applications Assessment**
 - Business Applications, General Architecture, eMail, Virus/Spam Protection, Website, Intranet, Interoperability, Interfaces.
- ◆ **Operations & General Procedures Assessment**
 - Device Patch Management, Systems Monitoring, Application Deployment, Asset Management, Vendor/License Management, Help Desk Procedures, Security Procedures, BCP/DR Procedures.

Some of the Benefits Obtained from our Assessments Include:

- Strategic IT roadmap for an organization to move forward with.
- Assessment of IT staff's ability to maintain a stable business operation as well as provide proactive strategic IT thinking.
- Awareness if potential network/security vulnerabilities exist.
- Awareness if corporate data is being adequately backed up and is quickly restorable in case of need.
- Assessment of operational procedures against industry best practices.
- Core business application's ability to meet stated objectives.
- Assessment of company's disaster recovery readiness.
- Detailed interview reports from all staff discussions and workshops.

About NEOVERA

Neovera is an IT professional services company providing strategic infrastructure consulting and outsourced managed hosting services.

We distinguish ourselves from other IT services firms by providing a combination of senior level application experts with world-class infrastructure engineers.

With Neovera our clients receive industry experts at a great value. This coupled with a high degree of personal attention, flexibility and smaller company commitment makes Neovera a unique alternative to traditional IT Services firms.

Neovera is headquartered in Reston Virginia. For more information on Neovera please see www.neovera.com.
