

SERVICES

Infrastructure Consulting

What are Neovera's Infrastructure Consulting Services?

Neovera provides a variety of infrastructure consulting services including:

- ◆ General Infrastructure Consulting
- ◆ Architecture Assessments
- ◆ Network Assessments
- ◆ Security Vulnerability Assessments
- ◆ Storage Management Assessments
- ◆ Systems Monitoring Setup
- ◆ Data Center Design & Migrations
- ◆ DR Planning and Setup
- ◆ Database Performance Tuning
- ◆ Staff Augmentation

Why Neovera?

Given the complexities of today's technology, companies are finding it increasingly difficult to adequately manage their IT infrastructures. Neovera helps fill this gap by providing senior experts with deep knowledge of both application and IT infrastructure technologies.

Just a few of the technologies that Neovera regularly works with include:

- ◆ **HW/OS** - MS Windows, Unix
- ◆ **Mail** - MS Exchange, Blackberry
- ◆ **Database:** Oracle, SQL Server, Db2
- ◆ **Data Storage:** EMC, NetApp, ADIC
- ◆ **Network:** Cisco, Juniper, F5
- ◆ **Security:** VPN, Firewalls, Secure Id
- ◆ **Backup:** Veritas, Legato, XOSoft
- ◆ **Monitoring:** Nagios, Snort, Netcool
- ◆ **Remote Access:** Citrix/Term Server
- ◆ **Programming:** Java, .NET

Some Examples:

◆ **Satellite Media Firm**

Management and installation of several large data center migration projects for a fast growing satellite radio company.

◆ **Educational ASP**

Neovera provides strategic infrastructure consulting and database performance tuning for a leading educational ASP/ software provider.

◆ **Educational Services Firm**

Neovera helped an industry leading educational company architect and implement a company wide Exchange and AD migration. Neovera additionally provides ongoing strategic infrastructure support.

◆ **International Hedge Fund**

Neovera provides ongoing IT consulting and hosting services for a leading financial services firm. Work has included the design and implementation of a company wide data backup/ recovery solution using Veritas technology.

◆ **Capital Management Firm**

After performing a strategic IT assessment, Neovera redesigned the company's infrastructure including implementing a real time DR site location. All IT operations are currently outsourced to Neovera.

◆ **Mutual Fund Company**

Neovera provided all development as well as ongoing support for company's web based customer account access and trading platform.

About NEOVERA

Neovera is an IT professional services company providing strategic infrastructure consulting and outsourced managed hosting services.

We distinguish ourselves from other IT services firms by providing a combination of senior level application experts with world-class infrastructure engineers.

With Neovera our clients receive industry experts at a great value. This coupled with a high degree of personal attention, flexibility and smaller company commitment makes Neovera a unique alternative to traditional IT Services firms.

Neovera is headquartered in Reston Virginia. For more information on Neovera please see www.neovera.com.
