

SERVICES

Managed Services & Hosting

What Are Neovera's Managed Services and Hosting Capabilities?

Neovera provides a variety of managed services and data center hosting capabilities including:

- ◆ Data Center Hosting/Outsourcing
- ◆ DR Site Hosting/Outsourcing
- ◆ 24x7 Device & Network Monitoring
- ◆ Network Device Management
- ◆ Storage Device Management
- ◆ eMail Management

Why Neovera?

Over the years, Neovera has worked with clients ranging from small start-ups to large multi-national organizations. Our company's primary focus is in managing and running complex IT infrastructures. We are seen as experts in what we do and provide great value for companies looking for a reliable hosting partner.

Neovera uses Tier A network neutral data centers. Our highly secure and fully redundant facilities are "State of the Art". Coupled with these facilities are Neovera's managed services providing 24x7 management and monitoring of all infrastructure components.

Our clients gain peace of mind knowing that their business is being run out our hardened secured data center(s) by an experienced and trusted managed hosting provider. Our clients look to Neovera as extensions of their own staff which is unique in today's commoditized managed hosting market.

Some Examples:

◆ Banking ASP

Complete data center management of a Banking ASP supporting International Letters of Credit processing. Management of both primary and DR locations comprised of several hundred Windows/Unix Servers, Storage and Network Devices. Technologies include AIX, SOLARIS, WIN2K, CISCO, EMC, VERITAS, CITRIX, and ORACLE.

◆ Public Sector Firm

Neovera provides hosting services and infrastructure support for over 100 servers and devices for the company responsible for overseeing Sarbanes-Oxley regulations.

◆ Mutual Fund Firm

Neovera provides custom development, application support and complete data center hosting and management for a leading US Mutual Fund companies.

◆ Media Publication Firm

Neovera provides complete network and security management for a leading US publication company.

◆ Mortgage Capital Company

Neovera provides complete IT Outsourcing including running primary and DR site operations as well as remote office desktop support.

About NEOVERA

Neovera is an IT professional services company providing strategic infrastructure consulting and outsourced managed hosting services.

We distinguish ourselves from other IT services firms by providing a combination of senior level application experts with world-class infrastructure engineers.

With Neovera our clients receive industry experts at a great value. This coupled with a high degree of personal attention, flexibility and smaller company commitment makes Neovera a unique alternative to traditional IT Services firms.

Neovera is headquartered in Reston Virginia. For more information on Neovera please see www.neovera.com.
